

LAUNCH OF ALCOMSAT-1 SATELLITE

GENERAL DATA

Organisation : ASAL
Field : Telecommunication
Launch : 11 December 2017 at 5:40 pm
Algerian time
Chinese Long March 3B
From Xichang Satellite Launch Station
Center-province of Sichuan,
2200Km south-west of Beijing

TECHNICAL FEATURES

Geostationary orbit (24.8 °W)
Altitude : 36,000 km

NATIONAL SPACE PROGRAMME 2006-2020

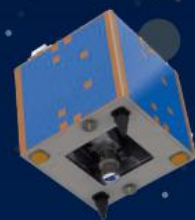

Launch of 5 satellites

Alsat-1, Alsat-1B, Alsat-2B, Alsat-1N
from Indian Launch Station PSLV C-35

ALCOMSAT-1 to provide :

- Digital TV and radio broadcasting,
- Services of distance learning, tele-medicine and videoconferencing. 
- Very high speed internet (20 Mb/s) on KA band to cover the entire Algerian territory 
- High quality signal of geolocalization satellites (GPS, GLONASS, Galileo)

September 2016 : Launch
of Satellite **Alsat-1B**

September 2016 : Launch
of satellite **Alsat-2B**
