WORLD'S LARGEST NEW AND USED SATELLITE EQUIPMENT SUPPLIER

ABOUT SKYBROKERS

Skybrokers, located in The Netherlands, is a high-level-experienced company operating for more than 20 years in the satellite industry. We are providing First Class services to telecom operators, teleports, satellite communication providers and many others. We focus mainly on new and used/refurbished satellite equipment and on-site-installations for satellite solution providers worldwide. We take care of VSAT kits and supply and install new and refurbished earth station antennas.

Skybrokers was founded in 2004 by its current CEO, Walter van der Plas (Join Walter on LinkedIn). Walter has been active in the satellite business since 1996 as Logistics and Project Manager at Loral Skynet Network Services, Inc. (aka Telesat)

Why Skybrokers

- ✓ Only tested new and used satellite & VSAT equipment
- ✓ Large network of international resources
- ✓ Quick response and shipping
- ✓ Competitive pricing
- ✓ Turnkey solutions
