

UPCOMING LAUNCH

STARLINK MISSION

WATCH

SpaceX is targeting Saturday, August 10 for a Falcon 9 launch of 23 **Starlink** satellites to low-Earth orbit from Launch Complex 39A (LC-39A) at Kennedy Space Center in Florida. Liftoff is targeted for 9:03 a.m. ET, with backup opportunities available until 11:21 a.m. ET. If needed, additional opportunities are also available on Sunday, August 11 starting at 7:21 a.m. ET.

A live webcast of this mission will begin about five minutes prior to liftoff, which you can watch here and on **X @SpaceX**.

This is the 17th flight for the first stage booster supporting this mission, which previously launched SES-22, ispace's HAKUTO-R MISSION 1, Amazonas-6, CRS-27, Bandwagon-1, and 11 Starlink missions. Following stage separation, the first stage will land on the A Shortfall of Gravitas dronship, which will be stationed in the Atlantic Ocean.
