

UPCOMING LAUNCH

STARLINK MISSION

WATCH

SpaceX is targeting Sunday, November 3 for a Falcon 9 launch of 23 **Starlink** satellites to low-Earth orbit from Space Launch Complex 40 (SLC-40) at Cape Canaveral Space Force Station in Florida. Liftoff is targeted for 4:57 p.m. ET, with backup opportunities available until 8:27 p.m. ET. If needed, additional opportunities are also available on Monday, November 4 starting at 4:31 p.m. ET.

A live webcast of this mission will begin about five minutes prior to liftoff, which you can watch here and on **X @SpaceX**. You can also watch the webcast on the new X TV app.

This is the third flight for the first stage booster supporting this mission, which previously launched Crew-9 and one Starlink mission. Following stage separation, the first stage will land on the Just Read the Instructions dronship, which will be stationed in the Atlantic Ocean.
