STARLINK MISSION

WATCH →

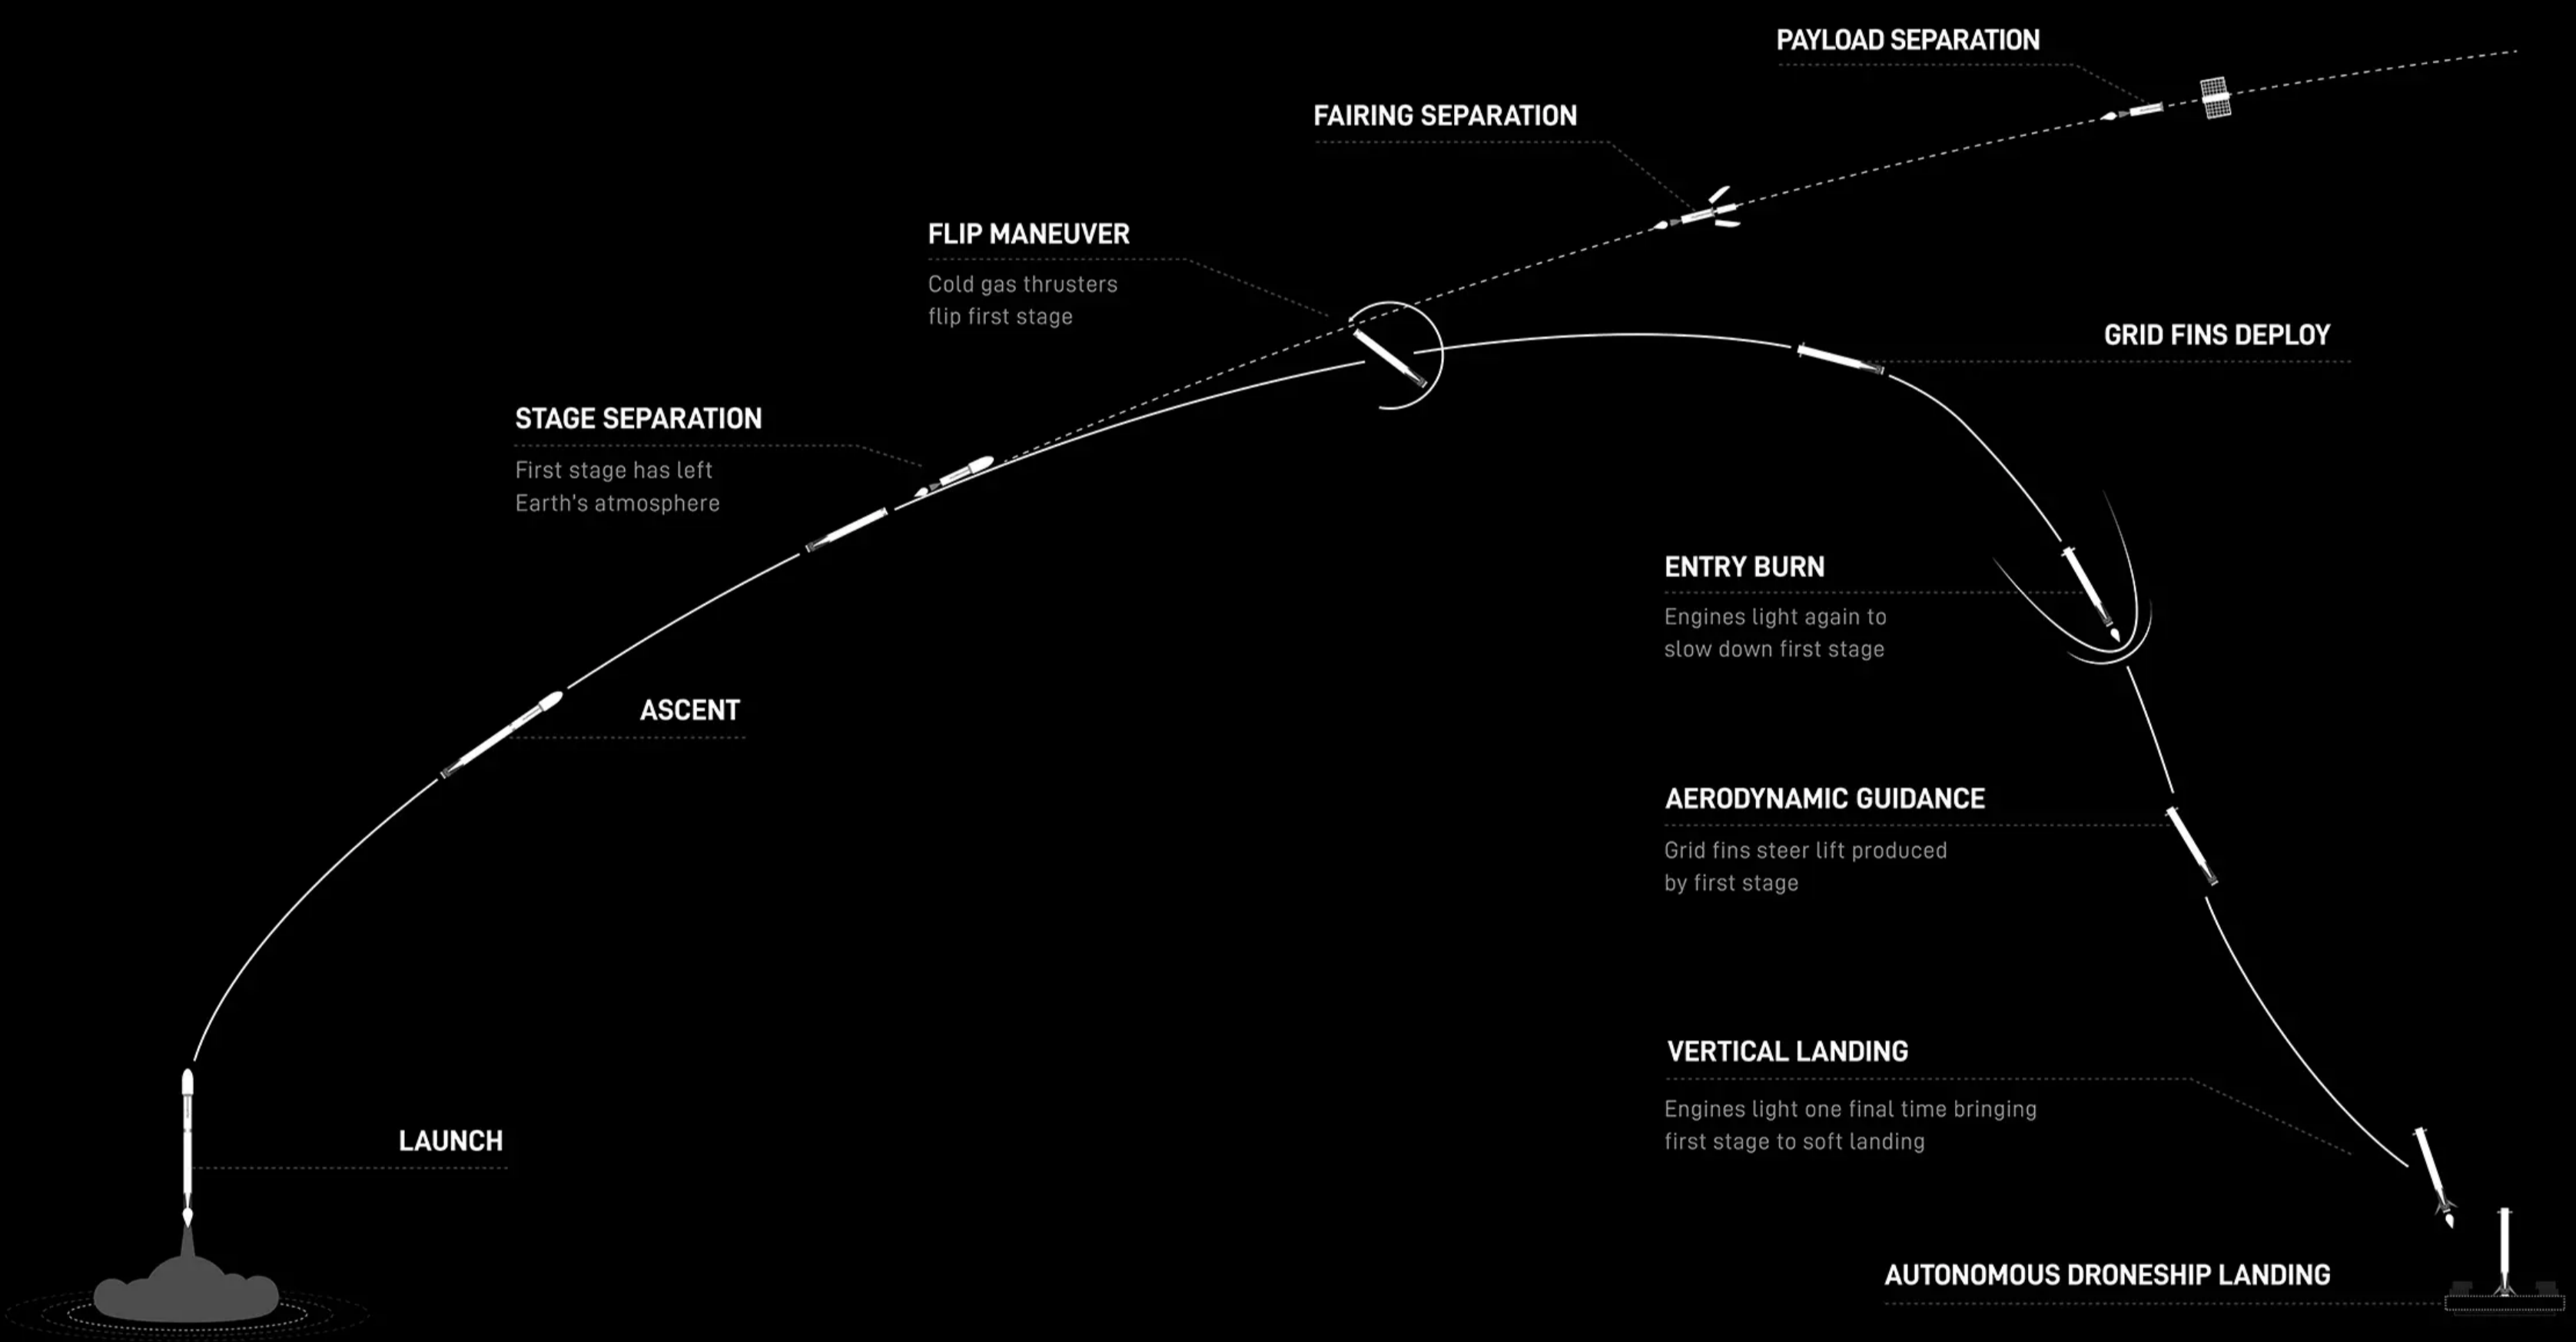

SpaceX's Falcon 9 is targeting the launch of 29 [Starlink](#) satellites to low-Earth orbit from Space Launch Complex 40 (SLC-40) at Cape Canaveral Space Force Station in Florida.

A live webcast of this mission will begin about five minutes prior to liftoff, which you can watch here and on [X@SpaceX](#). You can also watch the webcast on the X TV app.

This will be the 30th flight for the first stage booster supporting this mission, which previously launched CRS-24, Eutelsat HOTBIRD 13-F, OneWeb 1, SES-18 and SES-19, and 25 Starlink missions. Following stage separation, the first stage will land on the A Shortfall of Gravitats dronship, which will be stationed in the Atlantic Ocean.
